## EASTER TOGGERY CRIPPLES MANY BANK BALANCES

Postal Savings Withdrawals Reported Extraordinary During April.

Easter bonnets and Easter suits made a considerable inroad upon the postal savings deposits during April for while the amount of money taken in was greater than that of any other month, that paid out was likewise greater and the month's gain consequently less.

As the postal savings bank is primarily one of small accounts for the convenience of persons of not great fortune, they do not hesitate to draw on their accounts where they would wish not to disturb one in the ordinary bank.

Clerks at the local office attribute the large amount paid out in April to the fact that spring outfits were purchased.

The report for the main station and branches follows: Five hundred and four new accounts opened, 432 accounts closed, 2,462 deposits, 1,286 withdrawals, \$59,287 deposits, \$39,958 withdrawn, \$20,029 gain, 5,068 open accounts, \$340,478 on deposit.

In the main office alone 349 new accounts were opened, 273 accounts closed, 1,787 deposits, \$33 withdrawals, \$42,501 deposited, \$25,432 withdrawn, \$16,923 gain, 2,108 open accounts, \$240,886 on deposit.

East Side branch: One hundred new accounts opened, 86 accounts closed, 451 deposits made, 231 withdrawals, \$12,625 deposited, \$5,837 withdrawn, \$3,698 gain, 643 open accounts and \$77,212 on deposit.

West End station: Fifty new accounts opened, 30 closed, 230 deposits made, 131 withdrawals, \$4,873 deposited, \$4,821 withdrawn, \$52 gain, 279 open accounts, \$21,745 on deposit.

Stratford branch: Five new accounts opened, 3 closed, 14 deposits, 5 withdrawals, \$275 deposited, \$134 withdrawn, \$141 gain, 25 accounts open and \$864 on deposit.

HOUSE VISITS PRESIDENT.

Washington, May 3.—E. M. House, President Wilson's chief adviser, arrived here today for a visit at the White House. He is expected to discuss the submarine situation.

DIED.

CAVANAUGH—In this city, Wednesday, May 3, 1916, Michael P. Cavanaugh.

Thomas B. Stephenson, Forestville, two patents, automobile alarm clock; alarm clock mechanism.

Frank X. Wehrle, Thomaston, alarm clock.

Frank P. Robert, Middletown, insulator for trolley wire supports.

Alfred G. Kints, Wallingford, spoon, fork or similar article (design).

George W. Troop, New Britain, trace carrier (design).

Gracie Mark-Hayden R. Lathrop, Hartford, spring water and ginger ale.

Knocked Off Freight

Car By Swinging Gate, Brakeman Is Injured

As the freight car on top of which was riding passed underneath the swinging gate at the Union branch of the Bridgeport Brass Co. on Housatonic avenue at 3 o'clock this morning, George Chamberlain, a brakeman, was struck by the overhead hanging gate and knocked to the ground.

He suffered a laceration of his scalp and possible fracture of his skull. He was taken to St. Vincent's hospital in the emergency hospital ambulance.

Chamberlain lives at 46 Orchard street, Norwalk. He is a brakeman in the employ of the New Haven road.

He was helping to switch some freight cars into the Union yard and was riding the roof of one of them. He tried to detect the gate as the switch passed into the yard and he was struck upon the back of the head.

Late reports from St. Vincent's hospital say that he will recover and that he is resting very comfortably.

## LYRIC

"The White Sister" which Cecil Spooner is playing this week at the Lyric, is one of the most pretentious productions ever given in stock, and much credit is due the managerial department for the very extensive and elaborate presentation of this wonderfully inspiring play. It is the most uplifting drama ever produced by a stock company, and Miss Spooner, in that wonderful character of "Giovanna," the white sister, gives a very striking performance. In its entirety, "The White Sister" is a play of the highest merit, and every member of the big cast appear at their very best.

Fell Trenton, as Capt. Giovanni Severi, is many and admirable in a strenuous part on the heroic order. Under the stage direction of Clyde Armstrong, and the scenic production of R. Crawford Benjamin, "The White Sister" results in a great big three act dramatic success. Next week will be laugh week, when "Nearly Married" will be produced.

Congressman David J. Lewis of Cumberland won the Democratic nomination for United States senator for Maryland, in the state-wide primary election.

## STATE TROOPS PATROL PITTSBURGH STREETS; BIG PLANT TO CLOSE

Lone Picket, Armed With Revolver, is Arrested Outside Steel Mill—Infantry Companies Mobilized at Armories Awaiting Call to Scene of Riots Where Two Were Killed and Four Probably Fatally Injured.

Pittsburgh, May 3.—The Governor's Troop arrived on a train from Pittsburgh early today for duty in the Turtle Creek and Monongahela districts where strike riots occurred yesterday.

The troop was the first of the National Guard ordered to the disturbed district. Troop H was held in its armory today and will march to Braddock later in the day. Sheridan troop of Tyrone, experienced much difficulty in securing mounts and was not expected in East Pittsburgh before nightfall. Meantime, the Eighteenth Infantry has been mobilized at its armory here and the Tenth Infantry was assembling at Greensborough, 50 miles from the strike section.

Large forces of coal and iron workers were still on guard at the plants of the United States Corporation in the Monongahela Valley.

Interest in the strike situation shifted during the morning to McKee's Rocks, where large forces of the Pressed Steel Car Co.'s men struck yesterday. Three hundred riveters returned to work today but later the workmen in six departments of the plant walked out. The shops were immediately closed and it was said the entire plant with its 10,000 workmen would be closed this afternoon.

A lone picket appeared at the Edgar Thompson plant in Braddock soon after 8 o'clock and, taking a position just outside the Thirteenth street entrance, where the fighting occurred yesterday, began making a speech to the few men and women gathered round in the drizzling rain.

He was arrested by deputy sheriffs and when searched in the mill was found to be armed with an automatic revolver. In yesterday's disturbance two persons were killed, four were probably mortally wounded and a score received less serious injuries.

Seven labor leaders, among whom were Fred Morick, a former Socialist newspaper editor; J. H. Hall, and Anna Bell, were arrested last night and are being held on a charge of being an accessory before and after the fact to murder. Three others were taken into custody early today.

Hall was questioned especially regarding a note which was alleged to have been found in his possession and which read:

"Five killed, 14 injured. Phone McNamara to meet me."

The corner of the note was torn off and apparently the letter "e" was missing after the "m," the corner was torn off.

Hall refused to tell who McNamara was.

GARMENT WORKERS IN 2,000 PLANTS ARE ORDERED OUT

Strike of 30,000 garment workers for a second year in two thousand factories in and near this city early today. The strikers will join the 30,000 other garment workers already locked out from four hundred and nine factories controlled by members of the Manufacturers' Protective association.

The union leaders declared that more than 2,000 factories and six thousand workers would be idle.

About 5,000 pickets have been selected for duty in front of the factories. The union officials announced that they had received word that most of the independent cloak and suit manufacturers were willing to grant all the demands of the strikers as soon as the strike went into effect and the demands were formulated.

Benjamin Schlesinger, president of the international union, said the union wasn't ready to make public its demands.

New York, May 3.—Steamship piers are piled high with freight which cannot be moved and as steamers lie at anchor in the harbor to-day, unable to reach the wharves because of the strike of marine engineers which has tied up 450 tugboats composing about 75 per cent of the craft engaged in such service in New York harbor.

Among the railroad companies that have acceded to the demands of the engineers are the Lehigh Valley Railroad, the New York Central and the New York, New Haven and Hartford.

Owners of about 30 other tugboats also have yielded to the demands of the men. Other companies declined to pay the increase in wages.

With the expected arrival to-day of the steamships Lusitania, Espagne, United States, and many steamers from Central American and coastwise ports, a further increase of the congestion of freight is foreseen.

There were intimations that a general strike of forty-thousand longshoremen might be called to support that of the engineers.

Railroads Refuse To Give Increases

New York, May 3.—The demands of telegraphers and signal men on the lines of the New York Central and the New York, New Haven and Hartford for increased wages and better hours will not be granted, it was announced here today by A. T. Hardin, a vice-president of the New York Central. A strike, which would, according to the employees, involve 5,000 men, has been set to begin some time tomorrow.

"We do not expect the men will quit except in a few isolated cases," said Mr. Hardin. "We have offered to meet them and to deal fairly with them and if they decide to strike we shall have other men ready to fill their places. There will be no interruption of schedules."

STRIKEBREAKERS BROUGHT IN.

Poughkeepsie, May 3.—Sixty strike-

breakers for the New York Central Railroad arrived in Poughkeepsie from Buffalo early today in the first step to head off a walkout of all telegraphers, signal men and other classes of workmen involved in the threatened tie up. The coming of the men who are express and signal men, was accepted by union organizers here as indicating that the railroad officials did not intend to meet the demands of the men but would permit the strike to be declared.

A New York Central Railroad official now here said today that the company was prepared to fill all positions with competent men as soon as they are vacated.

## Official VIEWS OF World's War GERMAN

Berlin, May 3.—The following announcement was issued today by German army headquarters:

"Western front: north of Dixmude our detachments succeeded by a surprise attack in entering the Belgian line and took several dozen soldiers prisoners."

"In the Four-De-Paris section our patrols reached the second line and returned after capturing several prisoners."

"The situation remains unchanged in the Meuse (Verdun) sector. First Lieutenant Von Althaus shot down his sixth enemy aeroplane above the Callette Wood. Another French aeroplane was brought down in a combat in the air south of Thiaumont. Anti-aircraft guns brought down two more aeroplanes south of Talou ridge and a fifth plane was destroyed by machine gun fire near Verdun."

The pilot of the last mentioned aeroplane was killed and the observer seriously wounded."

REDMEN OF STATE IN GRAND COUNCIL

New London, May 3.—With about 200 delegates from all over the Connecticut reservation in attendance, the Great Sachem Frederick O. Downs, of Boston, as the guest of honor, the Great Council of Redmen, Improved Order of Redmen, began its annual session in this city this morning.

The annual long talks of the great conference were presented this morning, Great Sachem Walter G. Austin, of Stamford, in his report said:

"I have during my chieftancy visited each of the tribes in the reservation and with few exceptions all are in a prosperous condition. In these visitations I have been accompanied by some or all of the associate great chiefs, who by their words of wisdom and helpful advice, have been of great assistance to me and productive of much good to the order."

Great Chief of Records William Saunders, of Waterbury, reported:

"The order is in a prosperous condition financially and numerically. The members of the last report numbered 6,291. To April 1 the adoption of new members numbered 871; admissions by card, 47; reinstated, 23; total, 7,214. There were suspended last year 547 members; expelled 2; withdrawn by card, 21; deceased, 53; total, 623."

"Present number of members, 6,591, an increase of 300 since last year."

The election of great chiefs will be held this afternoon. There is no opposition to the advancement of Great Senior Sagamore Alfred Lagourie of this city, and he will be chosen Great Sachem. George M. Barnes will be chosen senior sagamore. There are several candidates for the office of great junior sagamore.

Business Rushing, Railroad To Build New Ticket Office

Unprecedented increase in business at the passenger station of the New York, New Haven & Hartford Railroad here has required the building of a new ticket office, a permit for which was granted by the building commissioners yesterday.

The new ticket office will be situated south of the news stand in the station, against the west wall. One exit door will be cut off by the new office.

For many months, one ticket office has been insufficient to accommodate patrons during rush hours. It is reported that the business of the local station exceeds that of New Haven.

President Criticised For Serving Wine at White House Dinners

Saratoga Springs, N. Y., May 3.—Criticism of President Wilson for providing wine for feasts at banquets at the White House was expressed in resolutions presented to the Methodist General Conference today by the Rev. James W. Anderson, of Oregon, Mo. The resolution was referred to the committee on temperance. Although the resolution was offered by Dr. Anderson as an individual the entire Missouri delegation supported the action.

ENTER Y. W. C. A. BRANCH.

The Y. W. C. A. East Side branch, in Beach street, was broken into some time last night. This is the second time during the last three weeks that this place has been entered. Nothing of any value was taken.

## HOWLAND'S

Entrances in Main street, Fairfield avenue and Cannon street

Bridgeport, Conn., Wednesday, May 3.

Weather: Unsettled tonight and Thursday, probably showers.

Here is the big waist-news.

Hundreds and hundreds and hundreds of the famous Royal waists at special price!

Among all the beautiful waists that come to the store, the Royal rank high, year after year.

Royal makers have skill and persistence. They are not content with making good waists once in a while; they make splendid waists all the time.

Royal waists have thorough beauty of style. They are made of fine textiles. They are trimmed tastefully. Their fit is marvelous.

These waists are a royal gathering of Royals.

And what a big gathering.

Every sort that the Royal makers produced for this Spring and Summer is included!
